The one that I am not sure about. The sample ID starts with a “P”, and I need to confirm that those came from NFB. I am also researching your attorney’s comments.

Hi Eric -

Two of the COCs I know. One of them, I am not sure yet.

- 1. 30204650 – Not sure yet. Might be from UMR or HTC.
- 2. 30207596 – Area 5 Confirmation Samples
- 3. 30207597 – Low Concentration Pile Samples

I will get back with you once I figure out what 30204650 is from.

Thank You

Chad

Good morning Eric,

How are you doing. The lab is requesting us to confirm if they should dispose of all the soil/slag samples with them since analysis has been completed.

Thanks,
